IV. GENERAL INFORMATION FOR BIDDERS

A. Estimated Program Funding:

Proposals must be limited to the amount of funds that correspond to the specific program stated. Each of the allocations represents a planning estimate provided by the California Department of Aging and/or Federal Government and is subject to change. Funding is contingent upon the availability of state and federal funds.

- B. Ensuring Equity in Program Planning & Delivery:** Programs, services, and activities must be very specific and explicit about the communities they are attempting to address. "Communities of color" or generic "diversity" language weakens and takes power away from the recommendation and the groups we aim to serve. To be explicit in terminology provides power to the group that has been systemically underrepresented or misrepresented.

The strengths the assets of each community must be highlighted and used to help us move in culturally appropriate and inclusive ways.

Systemic racism, ageism, able-ism, and sexism can only be eliminated through systemic solutions. Programs and/or services should strive to transform the systems that impact the lives of those most affected by systemic and institutionalized discrimination and who, therefore, have experienced the most profound and adverse impacts.

Programs and/or services should not unintentionally further exacerbate inequities experienced by some communities.

C. Required Program Match:

Bidders may be required to provide a share of the program cost. The match must directly relate to the project and expansion activities being proposed. Matching requirements are contingent based on the specific project funding source and will be identified as a requirement in the Program Standard of the Title III or Title VIII program.

Older Americans Act funding is not intended to be sole source of funding for any service provided. Funding from other sources is necessary to effectively provide services. Additional points for otherwise responsive proposals will be awarded for applicants who exceed the minimum matching requirements.

D. Program Support:

Bidders must assure that Older Americans Act funds are not used to replace funds from non-federal sources and must take steps to obtain support from private sources and other public organizations for services. The intent of this funding is to serve as a catalyst for receipt of additional funding.

Funds made available under this RFP for Title III E shall supplement and not supplant other services that may directly or indirectly support unpaid caregiving, such as Medicaid waiver program (e.g. Multipurpose Senior Service Program) or other caregiver services such as those provided through the Department of Social Services' Kinship Support Services Program, the California Community Colleges' Foster and Kinship Care Education Program, the Department of Developmental Services' Regional Centers, the California Caregiver Resources Centers, and other Title III E state and federally funded providers.

E. Equipment Monitoring and Availability:

Submit the model numbers, cost, age, and condition of equipment that will be or has been purchased with Older American Act funding. Equipment purchased with OAA funding will be monitored annually. Equipment/Property with per unit cost over \$5,000 or any computing devices, regardless of cost requires justification from the Contractor and approval from Area Agency and must be included in the Older American Act approved program budget.

F. Contract Period:

The contract period for programs included in this RFP is a twelve-month period from July 1, 2021 through June 30, 2022. Yearly contract renewals up to three years following the initial contract year are allowable at the discretion of the AAA subject to annual renegotiation and availability of federal, State, and local funding.

G. Multiple Contract Awards:

Sourcewise reserves the right to enter multiple contracts for any program at a lesser amount than listed in the Request for Proposal specifications.

H. Eligible Organizations:

All interested applicants, whether public, private, non-profit or profit-making agencies are eligible organizations. All recipients of funds that are private agencies must be incorporated in order to safeguard the interests of the California Department of Aging and Sourcewise.

Proposals will be evaluated on the bidder's ability to meet the specifications, terms, and conditions of the RFP. Each evaluation committee member scores each proposal independently using a predefined rubric that resembles the RFP Proposal Submission criteria outlined in Part (A) - Part (D) on page 14 - 17 of this document. Recommendations from the evaluation committee are based on the highest scores.

During the selection process, the Evaluation Committee may wish to interview bidders. Interviews will be for clarification purposes only. No new material will be permitted at that time.

Step 6 RFP Recommendation:

The Evaluation Committee submits their final recommendation to the Board of Directors for contract award(s) and non-award(s).

Step 7 Board of Directors Approval:

The Sourcewise Board of Directors makes the final decision to select the contractors for award and non-award(s).

Step 8 Notification of Award:

A notification will be sent to both successful and unsuccessful applicants. A notice of adverse determination will be provided by the AAA and will

1. Be in writing and delivered by either of the following methods:
 - Faxed or emailed with a mailed follow-up original.
 - Certified or overnight mail return receipt requested.
2. Describe the grounds for the adverse determination in sufficient detail to enable the applicant to respond.

Step 9 Deadline of Appeals:

Must be made in writing to the CEO of Sourcewise and must identify which of the perceived deviations Sourcewise allegedly did not adhere to as specified in 22 CCR § 7704(c)(3)(a-c) within five business days of the notification of award, on April 28, 2021.

Step 10 Contract Negotiations:

As part of the review process, the evaluation committee and the Board of Directors may require modifications or revisions to a proposal. This assures that all necessary program requirements are covered before the contract is signed.

Step 12 Service Begins:

This is the date on which funded services begin and the date for beginning program monitoring and evaluation.

ENSURING EQUITY IN PROGRAM PLANNING & DELIVERY

Equity is a goal that can be reached through a pathway of equality. Aging and Disability Services' principles shall include, but not be limited to, the following:

- Equity must be embedded in decision-making during the formation stages of any programs and/or services.
- The strengths and assets of each community must be highlighted and used to help us to move in culturally appropriate and inclusive ways.
- Systemic racism can only be eliminated through systemic solutions. These pandemics only heightened and unveiled existing disparities; they did not create them.
- Programs, services, and activities must be very specific and explicit about the communities they are attempting to address. “Communities of color” or generic “diversity” language weakens and takes power away from the recommendation and the groups we aim to serve. To be explicit in terminology provides power to the group that has been systemically underrepresented or misrepresented.
- Programs and/or services should not unintentionally further exacerbate inequities experienced by some communities.
- There is intersectionality between race, class, gender, and sexual orientation. Therefore, recommendations should be guided by the principle that Californian is home to all residents throughout their lifespan, with particular emphasis in creating systems that are supportive and inclusive of people of all races, classes, genders, and sexual orientations.
- Systemic racism, ageism, able-ism, and sexism can only be eliminated through systemic solutions. Programs and/or services should strive to transform the systems that impact the lives of those most affected by systemic and institutionalized discrimination and who, therefore, have experienced the most profound and adverse impacts during COVID-19.

“The route to achieving equity will not be accomplished through treating everyone equally. It will be achieved by treating everyone justly according to their circumstances.”

— Paula Dressel, *Race Matters Institute*

We offer the following guiding questions in planning and implementation of aging and disability programs and/or services.

QUESTIONS

1. What needs, gaps, and/or organizational barriers are you addressing to further diversity, equity, and inclusion through your programs and/or services?
2. Who determined the basic needs, gaps, and/or organizational barriers to equity when designing the programs and/or services? How were they determined? (i.e. primary research, secondary research, key informant interviews, subject matter expertise)
3. Do the resulting programs and/or services take into account the cultures and languages of impacted communities? For example, in determining those needs, was key information (access to services, forms, teaching materials, social media, phone lines) collected directly from the communities and made available in-language and in-culture?
4. How do the data/research inform or support program and/or services planning and implementation? Did you refer to research conducted in a way that was/is inclusive and reflective of the demographic and cultural makeup of California?
5. How do the resulting programs and/or services build on the strengths and assets of the impacted communities?
6. Do the programs and/or services take into account impacts on, and the rights of, people with disabilities? Please refer to the [Olmstead Act](#) for guidance.

Updated Guidance for Temporary Alternative Service Delivery of the Older Americans Act Programs Operations During the COVID-19 Pandemic

Appendix B of PM 20-18: Title IIIB Supportive Services Title III E Family Caregiver Support Program

The purpose of this document is to provide updated guidance on temporary alternative service delivery of the OAA Supportive Services (Title IIIB) and Family Caregiver Support Program (Title III E) during the COVID-19 pandemic as it aligns with the State's [Blueprint for a Safer Economy](#). The *Blueprint* refines the approach for reopening businesses and activities originally documented in the State's *Resilience Roadmap*.

The reopening of counties will be based on State and local public health guidance and on meeting readiness criteria and metrics as defined in the *Blueprint*. AAAs should continue to comply with State and local county public health. The decision to resume in-person Title IIIB and Title III E programs will be made at the local level and should be based on state and local public health guidance, along with consideration of the readiness of the older adults at each site where OAA services are provided.

Tier 1 through 3:

In-person services or activities are deferred while a county is in Tier 1 through 3, unless they can be delivered remotely.

- Services that can be delivered remotely such as by telephone, computer, or other alternative means can be done without a change to the service category. Examples include legal services being delivered telephonically, a support group being held via video conferencing, or case management provided via phone without a face-to-face assessment.
- Services that are temporarily suspended due to health and safety concerns and cannot be reasonably delivered remotely may be changed to another service category that can be delivered remotely. For example, Adult Day Care services could be changed to Telephone Reassurance services and Transportation could be changed to Chore for delivering groceries.
- Services that require close contact should be triaged by risk to the client. Only services that are considered essential to the client's health and safety may be delivered in-person following guidelines set by State and local public health officials. Examples of essential services include but are not limited to: Personal Care and Transportation to provider appointments. Essential workforce information is provided on the State's COVID-19 website: <https://covid19.ca.gov/essential-workforce/>. For Information related to public transportation, refer to [COVID-19 Industry Guidance Public Transit and Intercity Passenger Rail](#).

Begin preparation for resuming in-person programs. Note that when in-person programs resume, guidance in the *Blueprint* limits attendance to a maximum of 50

Appendix B of PM 20-18: Title IIIB Supportive Services Title IIIE Family Caregiver Support Program

percent capacity. Possible strategies in preparation for resuming in-person programs include:

- Plan employee training regarding how to limit the spread of COVID-19. Refer to the CDC [Symptom Screener](#) for guidelines and digital resources.
- Develop cleaning and disinfecting protocols.
- Create a reservation system if unable to accommodate all clients with a maximum of 50 percent capacity and with physical distancing requirements.
- Plan protocol for ensuring face coverings are available, as feasible, for staff or participants who arrive without a face covering and protocol for those who elect not to wear a face covering.
- Plan protocol for ensuring hand sanitizer is available for staff and participant use where handwashing is not feasible.
- Develop measures to maintain physical distancing (spacing at least six feet apart), such as floor markings to indicate individual space on floor. Limit the number of clients participating in-person to a maximum of 50 percent capacity.
- Develop protocols/strategies to ensure compliance for physical distancing for older adults with cognitive issues.
- Consider outdoor programming, if feasible.
- Consider options for accommodating participants who are not ready to attend in-person activities, such as offering virtual support groups or caregiver trainings.

Tier 4:

AAAs may consider resuming in-home programs (e.g., case management, comprehensive assessments, homemaker, etc.) and in-person group programs (e.g., adult day care, senior center activities, support groups, etc.) and implementing strategies developed during previous tiers, as appropriate. Because older adults remain at higher risk for COVID-19 and serious outcomes, it would be prudent to defer in-person programs until a county has remained in Tier 4 for several weeks.

When in-person programs are resumed, safety precautions to prevent the spread of COVID-19, including wearing face coverings, handwashing, and physical distancing, must be followed. Refer to California Department of Public Health (CDPH) [Guidance for the Use of Face Coverings](#) which also provides guidance regarding individuals who are exempt from wearing face coverings.

Considerations for resuming in-person programs include the following:

- There will be regional variance with reopening criteria met in one county and not another; it is expected that in-person programs will not be resumed at the same

Updated Guidance for Temporary Alternative Service Delivery of the Older Americans Act Programs Operations During the COVID-19 Pandemic

Appendix B of PM 20-18: Title IIIB Supportive Services Title IIIE Family Caregiver Support Program

time in all PSAs. Continue to follow State and local public health guidance for resuming services for higher risk individuals.

- The readiness of the older adults to resume in-person programs will vary. Some sites may delay in-person programs if the older adults are not comfortable returning due to health and safety concerns, while other sites may resume in-person programs sooner if the older adults in the area feel safe attending in-person programs.
- During the transition to in-person programs, temporary accommodations may be permitted, such as:
 - Participants with multiple risk factors or who are reluctant or fearful to return to an in-person setting may require continued remote services (e.g., telephonic case management).
 - Assessments for new participants and reassessments for existing participants may need to be conducted virtually for participants who may be reluctant to allow others into their home to conduct assessments (e.g., case management).
- Consider options to provide activities remotely, such as offering virtual community education, support groups and trainings. Offering a virtual option to participants post-COVID-19 may be an effective strategy to engage older adults who have not previously participated in Title IIIB or Title IIIE programs.
- If there is a surge of new cases at any point in a county, it is recommended that in-person non-essential services be closed and State and local public health guidance followed for resuming in-person services for higher risk individuals.
- Program flexibilities have evolved with the COVID-19 pandemic and are subject to change based on Federal and/or State guidance. The return to traditional programming will be communicated through FAQs as Federal and State guidance evolves. CDA recognizes that resuming traditional program requirements involves sufficient time to adjust program operations. Additional guidance will be provided accordingly.
