B Ensuring Equity in Program Planning & Delivery: Programs, services, and activities must be very specific and explicit about the communities they are attempting to address. “Communities of color” or generic “diversity” language weakens and takes power away from the recommendation and the groups we aim to serve. Programs and/or services should not unintentionally further exacerbate inequities experienced by some communities. View Appendix A.

Older Americans Act funding is not intended to be sole support for any service provided. Funding from other sources is necessary to effectively provide services. Additional points for otherwise responsive proposals will be awarded to applicants who exceed the minimum matching requirements.

E Program Support: Bidders must assure that Older Americans Act funds are not used to replace funds from non-federal sources and must take steps to obtain support from private sources and other public organizations for services. The intent of this funding is to serve as a catalyst for receipt of additional funding.

J Contingencies: Sourcewise reserves the right to issue an addendum or amendments to this RFP and to terminate this procurement process at any time.

K Eligible Organizations:

All recipients of funds that are private agencies must be incorporated in order to safeguard the interests of the California Department of Aging and Sourcewise.
