# Medicare and Eligibility

## What is Original Medicare?

It is a federally funded system of health insurance for citizens of 65 years of age or older, citizens who meet 5 years consecutive residency, as well as those who are under age 65 and on disability, or who have ESRD. Original Medicare coverage includes Hospital Part A and Medical Part B.

## When will I be eligible for Medicare?

Eligibility for Medicare	Earliest Month of Medicare Part A & B Eligibility
Age (turning 65)	65th birth month, if born on the 1st, use the prior month.
Disability (under age 65)	<ul style="list-style-type: none"><li>25th month receiving Social Security Disability Insurance (SSDI) payments. Enrollment occurs automatically on the 25th month.</li><li>First month, if diagnosed with ALS (Lou Gehrig's Disease).</li></ul>
End Stage Renal Disease (ESRD) (any age)	The month of kidney transplant OR Two months prior to transplant if hospitalized and preparing for transplant; OR 3rd month after dialysis treatment AND/OR 1st month of self-dialysis with training.
Over 65 and approaching 5th year of unbroken, documented permanent residency in the U.S.	Medicare for immigrants is available if the individual is at least 65 years of age or older, a green card holder and resides in the U.S. legally for 5 consecutive years. This person may purchase part A. If they have few or no work credits, they must also enroll in or already have Part B. Assistance may be provided to pay for both Medicare Part A, and B premiums through Qualified Medicare Beneficiary (QMB) based on eligibility.

Although enrollment into Original Medicare is typically not automatic, there are certain situations which can trigger an automatic enrollment into Medicare such as taking early retirement or receiving SSDI payments as listed above.

## How Do I Apply for Medicare?

### How to Apply?

1. Online at SSA.gov
2. Call the Social Security Office 1-800-772-1213 to schedule an in person or phone appointment with your local Social Security Office.
3. Walk into your local Social Security Office. It is an option but not advised due to possible and unexpected wait times.

# Medicare Part A and B

## What Services are Covered?

### Part A Benefits

- Hospital Inpatient Services
- Hospital Inpatient Psychiatric Services
- Skilled Nursing Facility
- Home Health Care Services
- Hospice Care

### Part B Benefits

- Some Preventive Services\*
- Physician Services
- Hospital Outpatient Services
- Ambulance Services
- Medical Equipment & Supplies
- Mental health Outpatient Services
- Mental Health Partial Hospitalization
- Home Health Care Services
- Clinical Lab Services

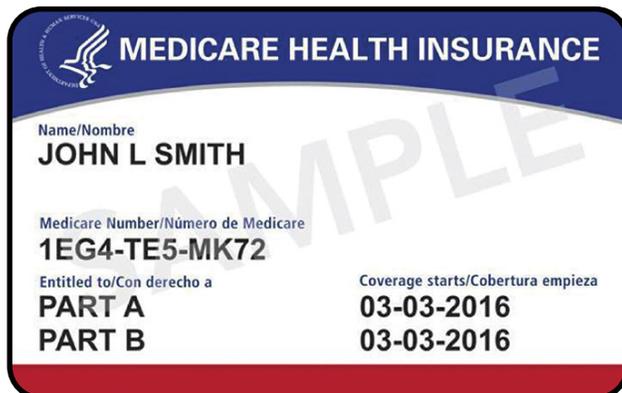

### Preventative Services\*

- Abdominal aortic aneurysm screening
- Alcohol misuse screenings & counseling
- Bone mass measurements (bone density)
- Cardiovascular disease screening
- Cardiovascular disease (behavioral therapy)
- Cervical & vaginal cancer screening
- Colorectal cancer screenings
- Depression screenings
- Diabetes prevention program
- Diabetes screenings
- Diabetes self-management training
- Glaucoma tests
- Hepatitis B Virus (HBV) infection screening
- Hepatitis C screening test
- HIV screening
- Lung Cancer screening
- Mammograms (screening)
- Nutrition therapy services
- Obesity screenings & counseling
- One-time “Welcome to Medicare” preventive visit
- Prostate cancer screenings
- Sexually transmitted infections screening & counseling

### Shots

- Flu shots
- Hepatitis B shots
- Pneumococcal shots
- Tobacco use cessation counseling
- Yearly “Wellness” visit

# Medicare Pathways and Choices

**Premium \$ \_\_\_\_\_**

**Medicare is part of Each Pathway  
Certain Circumstances allow you to  
Maneuver from MA to Medigap**

Other Retiree benefit Options may come from the following:

- CalPERS
- UNION
- Tricare for Life
- CalSTRS
- CHAMPVA
- FEHB

- These plans may look just like a Medicare Advantage plan, such as your standard HMO or PPO plan. Other options may resemble those of a Medigap and may be distributed by the very same carriers that are listed in our options information.
- Federal Retiree benefits are unique and do not require both parts of Medicare A and B to participate, except for Postal Service Annuitants. You may enroll into your federal retiree benefits with only part A. Although participation in both parts of Medicare is not a requirement for coverage, it is wise to enroll into both parts of Medicare when initially eligible because.
  - Just like everyone else, federal employees are not exempt from Part B late enrollment penalties (LEPs).
  - Federal Retiree benefit plans increase in premiums each year just as other retirement options do and may become unaffordable at some point. If you wish to transition to Medicare at that time and you do not already have both parts of Medicare, you may be subject to the LEPs as stated above.

# Medigap

Medicare Supplement Insurance, also referred to as Medigap insurance, is sold by private insurance companies in contract with Medicare. The private insurance is designed for Medicare beneficiaries who have chosen to be in Traditional or “Original” Medicare, enrolled in both Part A and Part B – but NOT in Part C. Medigap plans cover out-of-pocket costs that Original Medicare beneficiaries are responsible for paying (see Original Medicare: Part A & B insert for a list of these costs).

<b>How many plans are there?</b>	<ul style="list-style-type: none"><li>▪ There are 10 standardized Medigap plans with the letter names* A, B, C, D, F (regular and high deductible), G (regular and high deductible), K, L, M &amp; N.</li><li>▪ Plan F is the most comprehensive plan as it covers all the gaps in Original Medicare.</li><li>▪ However, due to a change in Federal Law as of January 1, 2020, beneficiaries who have their 65th birthday on or after that date, or who become eligible for Medicare due to a disabling condition, cannot buy a Medigap plan that covers the Part B deductible. This restriction includes Medigap plans C, F and high deductible F.</li><li>▪ For beneficiaries who cannot buy a Plan F, the most comprehensive plan is Plan G.</li><li>▪ Plan A covers the fewest gaps (<u>only four gaps</u>).</li><li>▪ The remaining plans offer levels of coverage between the A and F plans.</li></ul>
<b>What is the Main Difference Between Same Lettered Plans?</b>	<ul style="list-style-type: none"><li>▪ Now that policies are standardized, the main difference between same lettered plans from different companies is the monthly premium. For example, Plan A will cover the same costs regardless of which company you choose. A Medigap comparison insert can be found in the pocket of this guide.</li><li>▪ Another factor to consider is how the <u>monthly premium adjusts over time</u>. Rates may increase due to medical inflation. Additionally, most companies increase premiums as you age. Those that do not adjust based on age usually have higher premiums to start with. Use your California Birthday Rule to keep control of premium increases (see page 17).</li></ul>

Just a reminder: Medigap plans will not cover the out-of-pocket costs of Medicare Advantage HMO plans. Neither Medigap plans nor Medicare Advantage plans coordinate with one another. It is prohibited to enroll into a Medigap if you are a Medicare Advantage beneficiary.

\*Take care not to confuse the Medigap Plan letters with Medicare Part A, B, C, & D.

# Medicare Part D

Medicare Part D is a highly subsidized prescription drug insurance program. Part D plans are sold by private insurance companies in contract with Medicare and enrollment is voluntary.

<b>Eligibility:</b>	<ul style="list-style-type: none"><li>▪ Eligibility begins with the start of either Medicare Part A or Part B.</li><li>▪ Live in the Part D plan service area.</li><li>▪ Plans do not screen for pre-existing health conditions.</li><li>▪ Upon receipt of retroactive enrollment into either Part A or B.</li></ul>
<b>Enrollment and Late Penalties:</b>	Enrollment into Medicare Part D is voluntary. People with Medicare who choose not to enroll when they are first eligible may have to pay a higher premium if they decide later to enroll in a Part D plan (unless they have other creditable drug coverage). The late enrollment penalty is 1 % per month multiplied by the number of months a person is eligible but did not sign up. The penalty is added to the monthly plan premium and is paid for as long as the person has a Part D plan. The beneficiary will also need to wait until the Annual Election period to sign up for a Part D plan.
<b>The Annual Election Period is October 15 through December 7;</b> plan elections become effective January 1 of the new year.	
<b>What drugs are covered?</b>	Companies that offer Part D plans define the benefits that they provide, including the formulary of drugs they cover and the cost-sharing they charge. Formularies vary by plan, which means: some plans may work better for your needs.
<b>What will your drug costs be?</b>	<p>You may notice the cost of your medications going up and down throughout the year. You may be moving through the Part D coverage periods. The amount you pay is different in each period.</p> <ul style="list-style-type: none"><li>▪ In 2025 there will be three periods of coverage:</li><li>▪ 1. Deductible Period, 2. Initial Coverage Period, and 3. Coverage Gap. In the Coverage Gap enrollees pay 25% sharing of the cost of covered Part D drugs.</li><li>▪ Beginning in 2025, Part D enrollees' out-of-pocket costs will be capped at \$2,000. This amount will be indexed to rise each year after 2025 at the rate of growth in per capita Part D costs. (This cap does not apply to out-of-pocket spending on Part B drugs.)</li><li>▪ Higher income beneficiaries enrolled in Medicare Part D, either a stand-alone PDP or MA-PD may have to pay an additional premium. This is like the income-related monthly adjustment amount (IRMAA) that higher income beneficiaries pay for part B.</li></ul>

	<ul style="list-style-type: none"> <li>Also, in 2025 the Medicare Prescription Payment Plan goes into effect. This specifically helps alleviate cash flow issues for people who face high out-of-pocket costs early in the year. They will have the option of spreading out their out-of-pocket costs over the year.</li> </ul>
<p><b>What if I have prescription drug coverage from an employer, union, or Medicare Advantage plan?</b></p>	<p>Contact your benefits administrator before you make any changes to your drug coverage. If you are in a Medicare Advantage Plan that includes prescription drug coverage (MA-PD), joining a Medicare Part D Prescription Drug Plan (PDP) will automatically replace your MA-PD.</p>
<p><b>What help is available for people with lower income and assets?</b></p>	<p>Depending on the level of need, the Low-Income Subsidy LIS (also called “Extra help”) program provides,</p> <ol style="list-style-type: none"> <li>A subsidy that lowers or eliminates the Part D premium,</li> <li>Reduced deductibles and copays,</li> <li>An ongoing enrollment period to add/switch/drop a PDP or MA-PD once per quarter for 1st 3 quarters. Changes during the AEP take effect Jan 1 of the following year.</li> </ol> <p>Income must be less than 150% of the Federal Poverty Level.  * <u>Counted Assets</u> include items like checking, savings, CDs, IRAs, and 401Ks, but exclude items like primary residence and necessary cars. Limits apply.  * The LIS Program still counts assets</p> <p>For enrollment assistance, contact HICAP at (408) 350-3200, or visit us online at <a href="http://mysourcewise.com">mysourcewise.com</a>. See page 20 for Medi-Cal and other assistance programs such as LIS.</p> <p>* Please note that if you are presently a Medi-Cal recipient transitioning on to Medicare, Medi-Cal will no longer pay for medication as they have in the past once your Medicare is effective. Enrollment into a Medicare drug plan is required once you become eligible for Medicare and is automatic. <b>Medi-Cal includes LIS.</b> Contact 1-800-MEDICARE to learn what your drug plan is.</p>
<p><b>Primary and Secondary Payer</b></p>	<ul style="list-style-type: none"> <li>If you have decided to take Medicare part D and you have an employer-based drug plan as an active employee, employer coverage is primary payer and Medicare part D secondary.</li> <li>Make sure that both Medicare part D drug plan and employer drug plan are aware of your coverage so that proper coordination of plan benefits can be provided. Medicare part D is responsible for payment resolution for 36 months from prescription fill date.</li> </ul>

**Other Relevant Issues**

- If you enroll into Medicare A and or B and are no longer working and are not covered by an employer group health plan, either your own EGHP or that of a partner or spouse, you must enroll into Medicare part D.
- If you have creditable coverage, through an employer group health plan, either your own EGHP or that of a partner or spouse, you are not subject to the Part D Late Enrollment Penalty (LEP) if you choose to enroll into a part D plan later. This would be due to a Special Enrollment Period (SEP) that your creditable coverage has provided. In this situation you do not have to wait until the Annual Enrollment Period to enroll. You may enroll once the EGHP has ended.
- If you have a problem with your part D plan, please see page 26 for the appeal process.

**To learn about and enroll in Medicare Part D:**

- See inserted comparison chart, Medicare Part D Stand-Alone Prescription Drug Plans.
- Contact Medicare at (800) MEDICARE, (800) 633-4227, or visit [medicare.gov](http://medicare.gov).
- Please see Other Sources of Information on the last page for employer related resources (in the Additional Resources section of the guide).

# Part C Medicare Advantage

Part C health plans, also known as Medicare Advantage (MA), are an alternative way to receive your Part A and B and drug benefits. Having Part C means you have enrolled into a private health insurance plan and assigned it the responsibility of delivering your Part A, Part B, and (often) prescription drug benefits. Network restrictions may apply. **Enrollment in a Part D plan associated with Original Medicare will automatically trigger disenrollment from your MA-PD Plan because individuals cannot be in two Medicare drug plans at the same time.**

Things to consider when choosing between Original Medicare and Medicare Advantage plans are choice of doctors, ease of access to specialists without incurring unexpected bills, affordability on a fixed budget, protection against catastrophic costs, coverage away from home, prescription drug coverage, and extra benefits not covered by Parts A or B. Below are the types of Medicare Advantage plans in Santa Clara County and their features. Comparison charts of these managed plans can be found in the inserted sheets in this guide's pocket. A plan comparison tool is also available at [medicare.gov](http://medicare.gov).

## **Health Maintenance Organizations (HMO and HMO-POS)**

- You must use in-network doctors and hospitals. Some HMO plans offer medical group options. You must see a primary care physician (PCP) before any other health provider. Usually, you will need a referral from the PCP to see a specialist.
- Emergency and urgent care may be covered outside of the HMO plan service area.
- HMO-POS (HMO Point-of-Service) plans are much like HMO plans, but offer greater flexibility when accessing certain services, including specific out-of-network services. Details of these services vary by plan. In most cases, you still need to choose a PCP, and need referrals to see a specialist. Review plan details carefully to understand options.

## **Preferred Provider Organizations (PPOs)**

- These plans can offer greater flexibility and choice when accessing provider services, including access to out-of-network providers, but at a higher cost. PPO plans may not require one to have a PCP or to have a referral to see a specialist. Review plan details carefully to understand options.
  - In most out-of-network cases the provider must be eligible to participate in Medicare, except in emergency situations. If the provider is not a Medicare participant, you will be responsible for the full cost of services.
  - In an emergency, urgent care or out of area dialysis you may not have to pay the higher cost share if using out-of-network providers.

- Although referrals or prior authorizations are not required you may want to request a pre-visit coverage decision to confirm that the services you are seeking are covered and medically necessary.
  - Without a pre-visit coverage decision, if later determined that the services aren't covered or were not medically necessary, plan may deny coverage and you will be fully responsible for the entire cost.
  - Best to ask an out-of-network provider to bill the plan first before paying.
  - If you have already paid for the covered service, the plan will reimburse you for their share of the cost for covered services.

**Special Needs Plans (SNPs)**

- Chronic Needs SNP - A Medicare Advantage HMO designed for specific chronic health needs. Eligible individuals may enroll at any time of the year if eligible.
- Dual Eligible SNP - A Medicare Advantage HMO available to those eligible for Medicare and Medi-Cal with no share-of-cost. Call HICAP (408-350-3200) for details. These plans have \$0 premiums and no co-pays.

**Plan Changes:**

Plans must notify you of changes before they take effect. Refer to the Annual Notice of Change (ANOC) mailed in the October timeframe. If your plan is dropped, or increases premiums or cost sharing, or decreases benefits, then you may be eligible for a Guaranteed Issue right to purchase a Medigap plan. For clarification, call HICAP at (408) 350-3200.

# Navigating Original Medicare

## Navigating Original Medicare Enrollment

BOXES 1-3 Describe typical situations and the way Medicare part A and Part B eligibility and enrollment may apply. Some individuals may not fit neatly into these boxes (such as individuals with ESRD) and only in some cases would delaying enrollment be appropriate. Please contact HICAP **(408-350-3200)** or Social Security **(SSA.gov)** for additional details.

## Part A Premiums and Enrollment

### Part A Premium: Free Versus Purchased

Box 1	Do you qualify for Premium-free Part A OR will you have to pay a premium?
<b>Purchased Premium for part A: Go to Box 2</b>	You are turning 65 or older and have less than 40 Social Security credits, as does your spouse or ex-spouse.
<b>Premium-free Part A: Go to Box 3</b>	<ul style="list-style-type: none"> <li>■ You are turning 65, Or</li> <li>■ A spouse of (10yrs. + and age 62+) Or</li> <li>■ Ex-spouse has 40 Quarters if Coverage (QC)s "credits" (10 yrs. Of taxed work), Or</li> <li>■ You receive SSDI benefits, Or</li> <li>■ You have ESRD and you , a spouse or family member have the required credits</li> </ul>

### Premium Part A (Not Free)

Box 2	Premium Part A
<b>Turning 65 and will be Charged the Part A premium.</b>  <b>OR</b>  <b>Over 65 and approaching 5th year of unbroken, documented, permanent residency in the U.S.</b>	<p><b>Medicare Part A &amp; B</b> enrollment is not automatic. The first opportunity to enroll in Medicare is during the Initial Enrollment Period. It begins 3 months before eligibility month, the month of eligibility, and 3 months after. Filing during or after the eligibility month (Birth Month) will delay the Medicare start date.</p> <p>If missed, the next opportunity to enroll is during the General Enrollment Period (GEP) January 1 - March 31. Coverage would begin on the 1st day of the following month. For Premium Part A you must also enroll in or already have Part B. The Qualified Medicare Beneficiary Program (QMB) helps pay the Part A/B premium for those individuals with low income &amp; resources.</p>
<b>Turning 65 and you are enrolled in a Covered California plan</b>	<p>You may keep your Covered CA plan with Premium Assistance, but you must NOT be enrolled in either Part A or B.</p> <p><b>Warning:</b> if you change your mind and sign up later for Premium Part A or Part B you may be charged a permanent late enrollment penalty.</p>

## Part A Premiums and Enrollment (cont.)

### Premium Free Part A and Automatic Enrollment

Box 3	Premium Free Part A
<p><b>Approaching your 25th month of SSDI payments and due to the current employment status of you or a family member, you have a Large Group Health Plan (LGHP) covering at least 100 employees</b></p>	<p><b>Part A &amp; B enrollment is automatic</b>, starting on the 1st day of the 25th month of SSDI payments. Must enroll in Part A to continue receiving SSDI.</p> <p>Under this circumstance, you may defer enrollment in Part B and later use a Special Enrollment Period (SEP): you may file for Part B anytime while working and covered by your LGHP or covered by the LGHP of your working spouse, but to avoid a permanent Part B late enrollment penalty, you must file within 8 months of either the LGHP ending or current employment status ceasing or both (e.g. retirement). Most people arrange for Part B to start the month of or after the LGHP ends to prevent a gap in coverage.</p> <p><b>Warning:</b> COBRA coverage does not extend the SEP since current employment status would have ended. Find out from your HR department what COBRA will or will not pay for if you do not have Part B coverage.</p>
<p><b>Receiving SSA Income (early retirement) at least 4 months prior to turning age 65. Now turning 65</b></p> <p><b>Or</b></p> <p><b>Receiving early retirement SSA and you have access to an EGHP through your employment or that of your working spouse or partner</b></p>	<p><b>Part A &amp; B enrollment is automatic</b>, starting on the 1st day of the month of eligibility (birth month).</p> <p><b>Part A and B enrollment is automatic</b>, starting on the 1st day of the month of eligibility (birth month).</p> <p>Under this circumstance, you may defer enrollment in Part B and later use a Special Enrollment Period (SEP): you may file for Part B anytime while working and covered by your EGHP or covered by the EGHP of your working spouse, but to avoid a permanent Part B late enrollment penalty, you must file within 8 months of either the EGHP ending or current employment status ceasing or both (e.g. retirement). Most people arrange for Part B to start the month of or after the EGHP ends to prevent a gap in coverage.</p> <p><b>Warning:</b> COBRA coverage does not extend the SEP since current employment status would have ended. Find out from your HR department what COBRA will or will not pay for if you do not have Part B coverage.</p>
<p><b>Turning 65 and already receiving Social Security retirement payments</b></p> <p><b>Or</b></p> <p><b>Under 65 receiving SSDI payments</b></p>	<p>Part A &amp; Part B enrollment is automatic. Coverage will start on the first day of the first month of Medicare eligibility. You will receive a Medicare card 2-3 months before the month of eligibility.</p>

## Part A Premiums and Enrollment (cont.)

### Premium Free Part A

<p><b>Turning 65 and not yet receiving Social Security retirement payments</b></p> <p><b>Including individuals with a Covered California plan</b></p>	<p><b>Part A enrollment is not automatic.</b> The first opportunity to enroll is 3 months prior to one's 65th birth month and anytime thereafter. Upon filing an application, coverage is retroactive 6 months but no earlier than the first month of eligibility.</p> <p><b>Part B enrollment is not automatic.</b> The first opportunity to enroll is during the Initial Enrollment Period (IEP) which begins 3 months prior to one's 65th birth month, during one's 65th birth month, and extends 3 months following. Filing during or after the month of eligibility will delay the start date.</p> <p><b>Please note:</b> If IEP is missed, you must use the General Enrollment Period (GEP) January 1 – March 31. Coverage would begin on the 1st day of the following month. If you have a Covered CA plan you may keep it, but premium assistance will end. Contact Covered CA to disenroll from a Covered CA plan (not the plan itself).</p>
<p><b>Turning 65, Not yet receiving Social Security retirement payments, AND has Group Health Plan coverage due to the current employment status of you or a spouse</b></p>	<p><b>Part A enrollment is not automatic.</b> The first opportunity to enroll is 3 months before eligibility month and any time after. Upon filing an application, coverage is retroactive, six months but no earlier than the month of eligibility. The GHP will be primary insurance, and Medicare Part A would be secondary (except where there are less than 20 employees).</p> <p>Exception for High-deductible Health Plans with a Health Savings Account (HSA): having Medicare A or B disallows further contributions to an HAS. Due to the Part A retroactive start date, stop HAS contributions 6 months prior to filing the Part A application to avoid a tax penalty.</p> <p><b>Part B enrollment is not automatic:</b> In this situation, you may defer enrollment in Medicare Part B and later use a Special Enrollment Period (SEP): you may file for Part B anytime while working and covered by your GHP OR covered by the GHP of your working spouse. However, to avoid permanent Part B late enrollment penalties, you must file within 8 months of either the GHP ending or current employment status ending or both (e.g. retirement). Most people arrange for Part B to start the month of or after the GHP ends to prevent a gap in coverage.</p> <p><b>Warning:</b> Cobra coverage does not extend the SEP since current employment status would have ended. Find out from your HR department what COBRA will or will not pay if you have Part A but not Part B coverage.</p>

# Navigating Original Medicare and Medicare Advantage Options

**BOXES 4-5** Describe typical eligibility and enrollment scenarios AFTER a person enrolls in, or has, Medicare Part A, Part B or both. Keep in mind that not all individual circumstances are addressed. Please contact HICAP for additional details regarding your specific situation.

Box 4.1	Filed an application for, or have BOTH Part A and Part B
<p><b>You want Original Medicare with a Medigap Plan</b></p> <p><b>Please Note:</b> If you have other insurance, e.g. GHP or retiree plan, you may not need a Medigap plan.</p>	<p>Your Part B effective date triggers a 6-month Medigap Open Enrollment. Medical questions are not allowed now, but after that, they must be answered, and your application may be denied. In California, if you are under age 65 with ESRD, you may be denied a Medigap. At age 65, however, you, including those with Medicare due to disability, will have 6 months to purchase a Medigap plan guaranteed and at a lower price.</p>
<p><b>You have a Medigap, and you want to switch to a different plan or company</b></p>	<p>In California, you have 60 days of “open enrollment” following your birthday each year when you can buy a new Medigap policy without a medical screening or a new waiting period. This time frame is known as the “<b>Birthday Rule</b>”; during this time, you can change from one Medigap carrier to another Medigap carrier, however you may only select a Medigap plan with the same level of benefit of your existing Medigap plan or less. Any attempt to enroll into a higher benefited plan will trigger medical screening, wait period, or denial. Another protection of the <b>Birthday Rule</b> period is protection from premiums being quoted at higher rates based on health.</p>
<p><b>Your MA-PD notifies you in September of a decrease in benefits, increase in premium, or increase cost-sharing next year</b></p>	<p>You have a brief opportunity to purchase a Medigap Plan without health screening. Certain criteria and Annual Election Period (AEP) timelines may apply. This brief period is referred to as the Guaranteed Issue (GI). Please be aware that it is not a given that an MA plan will generate the GI each year, it only occurs if certain changes are scheduled to occur within the plan for the upcoming year.</p>
Box 4.2	Filed an application for, or have, either Part A or Part B – only a stand-alone Part D plan can be purchased
<p><b>You do not have other creditable drug coverage</b></p>	<p><b>Part D enrollment</b> is not automatic. Initial opportunity to sign up for Part D begins 3 months before Medicare eligibility month, the month of eligibility, and 3 months after. If the initial opportunity is missed, a late penalty may apply. The next opportunity is during the Annual Election Period (AEP) October 15 through December 7. Coverage will begin January 1.</p>
<p><b>You have or are enrolling in creditable drug coverage, e.g. from a GHP or VA</b></p>	<p>Enrollment into a Part D plan is not necessary. Late enrollment penalty will be avoided if a break in creditable coverage is 63 days or less. If you have a stand-alone Part D plan, and other creditable drug coverage is available, you may drop the PDP and sign up for the other coverage at any time.</p>
<p><b>You will lose creditable drug coverage, e.g. from a GHP</b></p>	<p>You can sign up before coverage ends, and during the two months after coverage ends. The next opportunity is during the Annual Election Period (AEP) October 15 through December 7, but a late enrollment penalty may apply.</p>

Box 5	Filed an application for, or have BOTH Part A and Part B
<p><b>You will keep Original Medicare and want a Part D – Stand Alone Prescription Drug Plan (PDP)</b></p>	<p><b>Part D enrollment is not automatic.</b> Initial opportunity to sign up for Part D begins 3 months before Medicare eligibility month, the month of eligibility, and 3 months after. If the initial opportunity is missed, a late penalty may apply. The next opportunity is during the Annual Election Period (AEP) October 15 through December 7. Coverage will begin January 1.</p>
<p><b>You want a Part C Medicare Advantage Plan with Part D included (MA-PDs)</b></p>	<p>Enrollment into a Part D plan is not necessary. Late enrollment penalty will be avoided if a break in creditable coverage is 63 days or less. If you have a stand-alone Part D plan, and other creditable drug coverage is available, you may drop the PDP and sign up for the other coverage at any time.</p>

# What Other Health Coverage Options May be Available?

Some Medicare beneficiaries may have other health insurance options besides Medicare. Those health insurance options may include the following:

<b>Employer Group Health Plans (GHP)</b>	If you are eligible for Medicare and continue to work, or have a spouse or partner who is working, you may have group health insurance through the employer or union. In this situation you have the option of enrolling into Medicare Parts A & Part B upon eligibility or elect to enroll in just Medicare Part A or you may wait to enroll into both parts of Medicare once the elected retirement date is reached.
<b>Retiree Plans</b>	Plans offered from former employer or union. Retiree plans differ from Employer Group Health Plans; however, both are employer-sponsored. Employer GHP are for actively working employees, whereas retiree benefits are for retired employees. Retiree benefit plans are secondary to Medicare.
<b>VA Medical Benefits Package</b>	Benefits are provided by the Department of Veterans Affairs (VA) to veterans of any age who served in the active military, navel, or air service and were discharged or released under conditions other than a dishonorable discharge. These health benefits have no premium. If beneficiary has Medicare and VA, benefits are independent of one another. Medicare and VA benefits do not coordinate. You may not use Medicare at VA hospitals, facilities or with VA providers. All VA services are to be provided by the VA. The beneficiary is responsible for paying all premiums, copays, deductibles associated with Medicare.
<b>TriCare for Life</b>	Under the 20/20/20 rule, this program provides coverage to uniformed service retirees with 20 years of service or more, eligible spouse if married to the service member for at least 20 years, and the marriage and the period of service overlapped for at least 20 years. TriCare for Life has no premium and requires that the Tricare for Life member enrolls in both Medicare Part A & Part B. The beneficiary is responsible for paying the monthly Part B premium. This program supplements Medicare Part A & Part B services and includes prescription coverage.
<b>COBRA or CalCOBRA</b>	If you already have COBRA or CalCOBRA and then become eligible for Medicare, the COBRA or CalCOBRA coverage will end. If you are eligible for Medicare and then become eligible for COBRA or CalCOBRA coverage, you may have both Medicare and COBRA or CalCOBRA, however Medicare will automatically become your primary health coverage. Please remember that any premium for COBRA or CalCOBRA is in addition to your Medicare premium.
<b>Covered CA</b>	If you are approaching Medicare eligibility, you must inform Covered California of your Medicare eligibility. Once you are Medicare eligible any premium subsidies received will end. Contact Covered CA to disenroll from you plan to ensure timely disconnect.
<b>Medi-Cal/Medicaid</b>	The program provides beneficiaries assistance with the cost associated with having Medicare. Although this program works as a secondary to Medicare paying Part B premium, deductibles and copays, it also provides additional services not covered by Medicare.

# Medi-Cal and Other Assistance Programs

<b>MEDI-CAL</b>	
<b>Aged Blind Disabled Federal Poverty Level (ABD FPL)</b>	In this program the State will pay the Part B Premium for anyone with ABDFPL (Free Medi-Cal) who is eligible for Medicare. Beneficiary receives financial protections and therefore pays \$0 copays and \$0 deductibles for Part A and Part B services that Medi-Cal would have covered. Automatically enrolled in Low Income Subsidy (LIS).
<b>Medically Needy (MN) Program</b>	This program is for Medicare beneficiaries. The MN program is assigned to beneficiaries whose income is above the eligibility requirements for ABDFPL. The MN program does not provide any assistance to the beneficiary until the individual has met their assigned Share of Cost (SOC) for the month. Once this occurs the beneficiary is automatically enrolled into Low Income Subsidy (LIS) for the remainder of the year or longer. However, the SOC will reset for the next month with regards to hospital and medical services.
<b>250% Working Disabled Program</b>	<p>This program helps individuals who are or have been on SSDI and their SSDI has transitioned to SSA but whose income is too high to qualify for Medi-Cal ABDFPL. Program allows certain working disabled individuals to become eligible for Medi-Cal by working for minimal wages.</p> <ul style="list-style-type: none"> <li>▪ must have Medi-Cal Share of Cost (SOC),</li> <li>▪ deemed disabled by SSA,</li> <li>▪ have income less than 250 percent of the federal poverty level.</li> <li>▪ eligible to receive Supplemental Security Income/State Supplemental Program.</li> </ul> <p>This provides the beneficiary with full Medi-Cal benefits; the State will pay Part B premium. LIS enrollment is automatic.</p>
<b>Medi-Cal for those needing Long Term Nursing Home or eligible spouse in a Home and Community Based Service (HCBS) program to safely stay at home</b>	Nursing home resident Spousal Impoverishment Provision allows the income of the spouse in need to be allocated to the community spouse to provide financial assistance to community spouse and prevent impoverishment. Premiums paid for “community” spouse can be deducted from gross income before determining allocations from LTC/HCBS spouses’ income to reach MMMNA. LIS is automatic with RX’s at \$0 deductible/ \$0 co-pays

**MEDICARE SAVINGS PROGRAMS (MSPs)**  
**Each Program has a different Income level for eligibility**

<b>Qualified Medicare Beneficiary (QMB)</b>	Program for individuals who meet the income limit receive the benefit of the Part A and Part B premiums paid, \$0 copay, \$0 deductibles for hospital and medical services. Low Income Subsidy (Extra Help) enrollment is automatic.
<b>Specified Medicare Beneficiary (SLMB)</b>	Program for individuals who meet the income eligibility limit receive the benefit of the Part B premium paid, \$0 copay, \$0 deductibles for hospital and medical services. Low Income Subsidy (Extra Help) enrollment is automatic.
<b>Qualified Individual (QI)</b>	Program for individuals who meet the income eligibility limit receive the benefit of \$0 deductible and reduced copays for both generic and brand medications. Provides automatic enrollment into Low Income Subsidy (LIS).
<b>Qualified Working Disabled Individual (QDWI)</b>	Program for individuals under age 65 losing Premium Part A due to losing SSDI because earnings exceeded Substantial Gainful Activity (SGA) limit. Unlike the other MSPs, QDWI enrollees are not deemed eligible for LIS.
<b>Low Income Subsidy (LIS)</b>	This is a Social Security program which aids with Part D related costs. <ul style="list-style-type: none"> <li>▪ Eliminates or reduces Part D plan premiums.</li> <li>▪ Eliminates or reduces part D deductibles.</li> <li>▪ Reduces part D copays.</li> <li>▪ Provides an ongoing SEP which allows beneficiary to change Part D plans once per quarter Jan - Mar, Apr - Jun, Jul - Sept, Oct - Dec. Any change made during the AEP (Oct - Dec) will take effect January 1.</li> </ul>

# Compare Premiums & Out-of-Pocket Costs

Are you trying to decide between Original Medicare and Medicare Advantage? Use this page to compare the two choices. Write your premiums and estimated out-of-pocket costs in the Original Medicare column and in the Medicare Advantage column. If you have Medi-Cal, a Medicare Savings Program, or Extra Help, see HICAP to help determine your costs.

## Medicare Premiums

	Original Medicare	Medicare Advantage
Part A: Hospital Insurance	Typically \$0	Typically \$0
Part B: Medical Insurance <sup>2</sup>		
Part C: Medicare Advantage <sup>1,2</sup>	N/A	
Part D: Prescription Drug Plan <sup>1,2</sup>		Usually Included in Part C

## Other Insurance Premiums

Medigap Plan ____ (insert Plan letter)		N/A
Employer / Union / Retiree, Medi-Cal, or Veterans Benefits (VA)		
Dental / Vision		
<b>Total Monthly Premium</b>	<b>\$</b>	<b>\$</b>

## Out-of-Pocket Costs

Prescription Drug deductible and co-pays	\$ <sup>1</sup> Run Drug Analysis	\$ <sup>1</sup> Run Drug Analysis
Hospital/Medical deductible and co-pays	\$ <sup>*</sup> Based on Other Insurance	\$ <sup>*</sup> Based on Medicare Advantage Plan
Hospital/Medical Out-of-Pocket Maximum	\$	\$

<sup>1</sup> Premium is included in the estimated annual cost of the drug analysis.

<sup>2</sup> Include any IRMAA adjustments and late enrollment penalties

# Medicare Enrollment Periods with Examples

Below we have listed the various enrollment periods related to Medicare, each provides access to either Original Medicare and/or a health insurance option of Medicare. Their rules and periods of access vary.

<p><b>Initial Enrollment Period (IEP)</b></p>	<p>When you become Medicare Eligible:</p> <ul style="list-style-type: none"> <li>For parts A and B, your enrollment timeframe is 7 months, starting 3 months prior to Medicare eligibility month and ending 3 months after that. If you are eligible due to turning 65, the month of eligibility is the month of your 65th birthday. If you are under 65 and eligible due to disability, your month of eligibility is the 25th month of receiving Social Security Disability Insurance (SSDI).</li> <li>Part D – You must be eligible for either Part A or B. If newly eligible for Medicare your IEP to enroll into Part D is the same 7 months as your IEP for part B. If you receive notice of retroactive Medicare, your Part D IEP begins the month you receive notice and continues for 3 additional months. People who have Medicare due to disability receive another IEP for Part D when they turn 65 years old.</li> </ul>
<p><b>Initial Coverage Election Period (ICEP) Part C</b></p>	<p>For people who have both Medicare Part A &amp; Part B, your Initial Coverage Election Period (ICEP) to join an MA plan will either be 7 months (Jennifer) or 3 months (Michael). For example:</p> <p><b>Example 1:</b> Jennifer turns 65 on May 6. Her IEP for Parts A &amp; B is February 1 to August 31. She enrolls in Part A &amp; B in March with benefits effective May 1. Her ICEP to join MA plans is February 1 to August 31, which is the same 7 months of her IEP for Part A &amp; B of Medicare.</p> <p><b>Example 2:</b> Michael turns 65 on April 18 and his IEP for Part A &amp; B is January 1 to July 31. He enrolls in Part A in April, but delays enrollment in Part B because he is still working and covered by his employer health plan. He later retires and then enrolls in Part B, which becomes effective December 1. His ICEP to enroll in an MA plan is September 1 to November 30, 3 months before both parts A &amp; B are effective. If he does not enroll in an MA plan during his 3-month ICEP, his MA plan and his Part B will both be effective December 1.</p>
<p><b>General Enrollment Period (GEP)</b> <b>(January 1-March 31)</b></p>	<p>For those who did not enroll into Parts A or B during their IEP or terminated their Part A or Part B benefits and want to re-enroll, they may enroll in either or both Parts of Medicare during the General Enrollment Period (GEP), which is January 1 through March 31. Benefits will begin the 1st day of the following month following application. You may be subject to a late enrollment penalty.</p> <ul style="list-style-type: none"> <li>If you have premium-free part A but did not enroll in Part B during your IEP and then qualify for Medi-Cal or a Medicare Savings Program to pay your Part B premium, you may enroll in Part B at that time and not required to wait for the GEP.</li> </ul>
<p><b>Medicare Advantage Open Enrollment Period (MA OEP)</b> <b>(January 1-March 31)</b></p>	<ul style="list-style-type: none"> <li>Allows people to disenroll from their MA plan and return to Original Medicare, or to change from one MA plan to another MA plan. This timeframe is from January 1 through March 31 every year. If you disenroll from an MA plan and return to Original Medicare, you have an SEP to enroll in a stand-alone-Part D drug plan. The SEP ends March 31 or when you enroll in a stand-alone Part D plan, whichever occurs first.</li> </ul>

<p><b>Annual Election Period (AEP)</b> <b>(October 15 through December 7 every year)</b></p>	<p>This time frame is also known as the Medicare Open Enrollment. It extends from October 15 through December 7 every year. During this period, people can join, drop, or change an MA or part D plan.</p> <ul style="list-style-type: none"> <li>▪ If you did not enroll into an MA plan or Part D plan during your IEP, you may enroll into an MA or Part D plan during the AEP.</li> <li>▪ If you had an MA plan, went back to Original Medicare, and now want to be in an MA plan again, you may enroll during the AEP.</li> <li>▪ If you are already enrolled in an MA plan or Part D plan, you may change plans or disenroll from your plan during the AEP.</li> </ul>
<p><b>Special Enrollment Period (SEP) – For Part B</b></p>	<p>For people who have delayed enrollment into Part B because they have an employer group health plan (EGHP):</p> <ul style="list-style-type: none"> <li>▪ If you become Medicare eligible at 65, and have coverage from an EGHP based on you or your spouse’s current employment, you may delay enrollment in Part B. If younger than 65, become eligible for Medicare due to disability, and have coverage from an EGHP based on your or a family member’s current employment, you may delay enrollment in Part B.</li> <li>▪ When you stop working or the EGHP ends, you have an SEP to enroll in Part B, which is 8 months following the end of employment or the EGHP coverage, whichever is earliest. Enrollment into Part B during the SEP prevents the late enrollment penalty.</li> </ul>
<p><b>Special Election Periods (SEPs) – MA and Part D</b></p>	<p>Other SEPs:</p> <ul style="list-style-type: none"> <li>▪ If you move out of your coverage area, you have an SEP to change plans or return to Original Medicare if you have different options in your new location. SEP begins one month before the move and lasts for two months after the move.</li> <li>▪ Coverage through your (current or former) employer or union group health plan ends; you have an SEP to enroll in an MA or Part D plan. The SEP ends 2 months after the month your group plan ends.</li> <li>▪ You are eligible for full Medi-Cal benefits, you have an SEP to enroll in or change MA or Part D plans once a quarter for the first 3 quarters of the year. You may also change during the AEP, which is in the fourth quarter.</li> <li>▪ If you lose full Medi-Cal benefits, you have a 3-month SEP to change MA or Part D plans, starting the month you are notified of the loss of Medi-Cal eligibility.</li> <li>▪ If you become eligible for the Part D Extra Help or Low-Income Subsidy (LIS), you have an SEP so long as you qualify for the Extra Help. You can change Part D plans or MA plans with prescription drug coverage once a quarter for the first 3 quarters of the year. You can also change during the Annual Election Period, which is in the fourth quarter.</li> <li>▪ If you lose Extra Help (or LIS), you have a 3-month SEP beginning in the month you receive notice of losing the subsidy.</li> <li>▪ If you live in an area with an MA and/or Part D plan that has an overall plan performance rating of 5 stars, you have a SEP to join that plan from December 8 through November 30 of each year. You can only enroll in a 5-star plan once during this timeframe.</li> <li>▪ If you enroll in Part B during the GEP (but are not entitled to premium-free Part A), you have an SEP to enroll in a Part D plan between April 1 and June 30. If you enroll in a Part D plan during this time, it becomes effective the 1st day of the month after application.</li> <li>▪ If you enroll in an MA plan during the ICEP around your 65th birthday, you have an SEP to disenroll from the MA plan during the first 12 months in the plan and enroll in Original Medicare.</li> </ul>

<p><b>Guarantee Issue Right for Medicare Advantage Members</b></p>	<p>This can occur at the end of the year during the Annual Enrollment periods AEP. This GI Right occurs when.</p> <ul style="list-style-type: none"> <li>▪ When Medicare plan in which the individual is enrolled reduces any of its benefits or increases the amount of cost sharing or premiums</li> <li>▪ Discontinues for other than good cause relating to quality of care its relations or contract under the plan with a provider who is currently providing services to the individual. <ul style="list-style-type: none"> <li>• <b>individual shall be eligible for a Medicare supplemental policy issued by the same insurer through which the individual was enrolled at the time of the reduction, increase.</b></li> </ul> </li> <li>▪ <b>If no Medicare supplement policy is available to the individual from the same issuer, a subsidiary of the parent company of the issuer, or a network that contracts with the parent company of the issuer, the individual shall be eligible for a Medigap supplement policy issued by any Medigap carrier, if the MA plan does any of the following.</b> <ul style="list-style-type: none"> <li>• Increase the premium by 15 percent or more.</li> <li>• Increases physician, hospital, or drug copayments by 15 percent or more.</li> <li>• Reduces any benefits under the plan.</li> <li>• Discontinues, for other than good cause relating to quality of care, its relationship or contract under the plan in which the individual is enrolled.</li> </ul> </li> </ul> <p><b>**PLEASE NOTE - Guaranteed Issue Right applies to Plans A, B, D, G, K, L, M and N. Those who are eligible for F and C won't be sold G or D.</b></p>
<p><b>Medicare Advantage Trial Right 1</b></p>	<p>This period allows individuals to test out a Medicare Advantage plan and determine if it is the right fit for their needs, However, to use the Medicare Advantage Trial Period certain criteria must be met.</p> <ul style="list-style-type: none"> <li>▪ You enrolled in a Medicare Advantage plan when you turned 65 years old.</li> <li>▪ You initially enrolled in original Medicare (Part A and B) and Medigap but later decided to switch to a Medicare Advantage plan.</li> <li>▪ You must apply for the Medigap policy as early as 60 days before your coverage ends or no later than 63 days after your coverage ends.</li> </ul> <p>The trial period gives you 12 months to evaluate whether the Advantage plan suits your healthcare requirements.</p>
<p><b>Medicare Advantage Trial Right 2</b></p>	<p>Allows you to switch from Medigap to Medicare Advantage and back to Medigap.</p> <ul style="list-style-type: none"> <li>▪ If you dropped a Medigap policy to join a Medicare Advantage plan for the first time, you can switch back within the first year of joining.</li> <li>▪ If you had a Medigap policy before joining Medicare Advantage, you can purchase the same policy from the same insurance company if it is still offered.</li> <li>▪ If the same policy isn't available, you can buy a Medigap Plan A, B, C, D, F, G, K, L, or M sold by any insurance company in your state.</li> <li>▪ You can apply for a Medigap policy as early as 60 days before your coverage ends but no later than 63 days after your coverage ends.</li> </ul>

# Medicare Appeals vs Complaints (Grievance)

**Medicare Appeal:** a serious or urgent request; an application to reverse a decision.

An appeal may be made for service/coverage denials or terminations under:

- Original Medicare
  - Part A – Hospital / Skilled Nursing Facility / Home Health Agency / Hospice
  - Part B – Physician services, therapy, labs, suppliers, ambulance, etc.
- Part C Managed Medicare Plan
  - Part A and B covered benefits
  - A Plan’s extra benefits
- Part D Plan
  - Medication controls: prior authorization denial, step therapy requirement, quantity limit
  - Medicare approved medications that are not on a Plan’s formulary.

Medicare appeals, whether under A, B, C (Managed Medicare) or D, all have the same steps. The name of the appeal steps and entity handling each step may be different. Hospital and skilled nursing facility appeal notices are usually buried in the initial paperwork. Be sure to read them.

Each appeals process follows a standard pattern:

- Initial decision: made by a Medicare contractor (whether it is a Medicare Administrative Contractor (MAC) for Original Medicare, Part C plan or Medicare Part D plan);
- First level of appeal: the same entity that made the initial decision reviews the decision.
- Second level of appeal: external review by an outside, independent CMS contractor; “Qualified Independent Contractor” (QIC) for Original Medicare and “Independent Review Entity” (IRE) for Part C and D.
- Third level of appeal: An Administrative Law Judge hearing if enough money is at issue.
- Fourth level of appeal: Medicare Appeals Council; and
- Fifth level of appeal: Federal District Court if enough money is at issue.

The “Initial decision” of a Part C or D Plan is called a “Coverage Determination”. A refusal to provide a service or coverage by a plan practitioner or provider may sound like a denial, but it is not a formal “Coverage Determination”. So, if you have not received or are unsure if your Plan gave you a “Coverage Determination” you must request one to open the door to the appeal process.

**Medicare Grievance:** a real or imagined wrong or other cause for complaint or protest, especially unfair treatment including enrollment/disenrollment issues, poor quality, wait times for appointments, discourteous service.

You may submit a “formal complaint” in writing or verbally.

1. First, contact the Part C or D plan\*
2. 1-800-MEDICARE
3. HICAP

\*Allow the Part C or D plan to resolve the issue first. Take note of the date, time, who helped you and what was discussed. If the plan response was unsatisfactory, you may file a grievance against your plan.

For information on how to get in touch with these resources, contact HICAP at (408) 350-3200.

# Join the Effort Against Medicare Fraud and Abuse

Whether you have Medicare yourself, or work with Medicare patients, we can all play a part in the prevention of Fraud and Abuse. Fraud and abuse drain the trust fund we pay into throughout our working lives or as Medicare premiums each month. Organized criminal syndicates need a Medicare number, a Medicare provider ID and signature to bill Medicare for items and services that were never provided. Billions of dollars per year are being recovered from those who sought payments or obtained items they were not entitled to receive.

## **Protect yourself from identity theft:**

- Do not fall prey to supposed phone calls from Medicare or Social Security. Neither Medicare nor Social Security will randomly contact a beneficiary by phone. Communication is in writing unless you have initiated the contact.
- Never give your Social Security number or Medicare ID to anyone who has called you. It is okay if you initiated the call to a person who has the right to know.

## **Check your Medicare or Medicare Plan explanation of benefits:**

- Make sure you recognize the items and services listed in your statement.
- Descriptions of services include relevant billing codes. The meaning of billing codes can be found at [cms.gov](https://www.cms.gov). Type “code lookup” in the search box.

So, join the effort – if you suspect fraud or abuse call (855) 613-7080 and talk to the Senior Medicare Patrol or contact your local HICAP at (408) 350-3200.

# Health Insurance Counseling & Advocacy Program

Health Insurance Counseling and Advocacy Program (HICAP) is a service offered by Sourcewise that assists seniors, persons with disabilities, and caregivers with information needed to make informed insurance decisions. HICAP assists with the various parts of Medicare and long-term care insurance. HICAP provides free objective one-on-one counseling available in multiple languages.

HICAP volunteer counselors are located throughout Santa Clara County. Counseling appointments can be scheduled at local sites by calling HICAP at (408) 350-3200 or a site listed below.

Sourcewise provides education, expertise, and quality support services to help you and your loved one's age well at home. Our comprehensive network of services enables us to educate, facilitate and deliver services critical to the lives of seniors. HICAP services are provided by Sourcewise at no cost; however, donations are appreciated.

Since  
1973

**Sourcewise provides adults and their caregivers the tools and services they need to effectively navigate their health and life options. Through a comprehensive network of resources, Sourcewise strives to educate, prepare, support, and advocate for all adults, their families, and their caregivers within Santa Clara County.**

## Sourcewise Programs & Services

### Advocacy

Offers the Health Insurance Counseling & Advocacy Program (HICAP) to provide one-on-one counseling to existing Medicare beneficiaries, those who will become eligible for Medicare soon, their families, and caregivers to understand their Medicare eligibility, healthcare options and benefits in Santa Clara County. HICAP is part of the national State Health Insurance Assistance Program (SHIP) and is the Santa Clara County source for unbiased and objective Medicare-related counseling and information. Long Term Care Insurance counseling is also available

### Health, Medical and Evidence Based

Offers comprehensive case management programs and services provided by a multidisciplinary care team including clinical and non-clinical support. Medical health insurance may affect eligibility.

### Isolation and Digital Inclusion

Offers programs that mitigate loneliness and isolation and engage clients in social participation by providing them with greater access to technology, training and resources to bridge the digital divide.

### Caregivers

Supports caregivers, both paid and unpaid, who provide care to residents of Santa Clara County.

### Nutrition

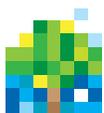

Provides programs and services with the goal of ensuring eligible adults in Santa Clara County have access to a healthy and nutritious diet, regardless of their mobility or economic status.

### Supportive Services

Offers access to programs and services that support you in maintaining your quality of life by addressing functional limitations, maintaining health and independence, and promoting social participation in your community.

### Workforce Development

Provides the Senior Community Service Employment Program (SCSEP) in Santa Clara County for adults 55 or older with the opportunity and support needed to obtain employment. Eligible participants receive paid, on-the-job training to develop occupational skills, practical work experience, and gain individual confidence to transition to permanent employment.

# 2026 Original Medicare: Parts A & B

## Premiums, Benefits, & Out-of-Pocket Costs for 2026

Medicare due to Age (65+) <sup>1</sup>		
	Your or Your Spouse's Social Security Credits	Monthly Premium
Premium-Free Part A	40	\$0
Premium Part A	30-39	\$311
	0-29	\$565
Part B (standard rate)	N/A	\$202.90 <sup>2</sup>

Part A		
Benefit	Your Deductible and Coinsurance (per benefit period) <sup>3</sup>	
Hospital Inpatient	\$1,736 deductible	Days 1-60
	\$434/day	Days 61-90
	\$868/day	Days 91-150 <sup>4</sup>
Hospital Inpatient Psychiatric	Same as Hospital Inpatient but a 190 day lifetime limit	
Skilled Nursing Facility <i>after a three day hospital inpatient stay with skilled care required daily</i>	\$0	Days 1-20
	\$217/day	Days 21-100
	You pay all Part A SNF costs	Days 101+ (no coverage)
Home Health Care <i>part-time skilled care; possible home health aide; up to 35 hours/week</i>	Nothing except 20% of covered durable medical equipment	
Hospice <i>care of terminal illness</i>	Nothing except 5% of inpatient respite care and up to \$5 per prescription	

Part B	
Benefit	Your Deductible and Coinsurance <sup>5</sup>
	Annual Deductible - \$283
Some Preventive Services	0/20%
Physician Services	20% <sup>6</sup>
Hospital Outpatient Services	20% <sup>6</sup> (capped at \$1,736 for each service)
Medical Equipment & Supplies	20% <sup>6</sup>
Ambulance Services	20%
Mental Health Outpatient	20%
Mental Health Partial Hospitalization	20%-40%
Home Health Care	Nothing except 20% of covered durable medical equipment
Clinical Lab Services	Nothing

1. Medicare Part A due to a disability or End Stage Renal Disease (ESRD) is always premium-free. The credits needed to qualify (from you or a family/member) depend on the age the disability started or when dialysis / kidney transplant occurred. Earning \$1,890 is equal to one Social Security credit/in 2026. Up to four credits can be earned each year.
2. Some individuals pay less because Part B premium increases can be no greater than the increase in their Social Security benefits. Individuals and/couples with an income greater than \$109,000/\$218,000 pay more. See below for details.
3. You must pay the inpatient hospital deductible for each benefit period. A benefit period begins upon formal admission as an inpatient, and ends when/you have not received hospital care (or skilled care in a SNF) for 60 days in a row after discharge.
4. The 60 reserve days may be used only once during a lifetime.
5. Coinsurance is a percentage of the Medicare-approved amount (what Medicare says a service/item costs).
6. Plus up to an additional 15% of Medicare's approved amount for providers/suppliers that do not accept Medicare assignment (the approved amount/as payment in full).

## 2026

Beneficiaries who file an individual tax return with 2024 income:	Beneficiaries who file a joint tax return with 2024 income:	Part B Income-related monthly adjustment amount (IRMAA)	Total monthly Part B premium amount	Part D IRMAA
\$109,000 or less	\$218,000 or less	\$0.00	\$202.90	\$0.00
\$109,001 - \$137,000	\$218,001 - \$274,000	\$81.20	\$284.10	\$14.50
\$137,001 - \$171,000	\$274,001 - \$342,000	\$202.90	\$405.80	\$37.50
\$171,001 - \$205,000	\$342,001 - \$410,000	\$324.60	\$527.50	\$60.40
\$205,001 - \$500,000	\$410,001 - \$750,000	\$446.30	\$649.20	\$83.30
Above \$500,000	Above \$750,000	\$487.00	\$689.90	\$91.00
Beneficiaries who are married and lived with their spouse at any time during the year, but file a separate tax return from their spouses:				
	\$109,000 or less	\$0.00	\$202.90	\$0.00
	\$109,001 - \$391,000	\$446.30	\$649.20	\$83.30
	Above \$391,000	\$487.00	\$689.90	\$91.00

- Shots
  - Flu shot
  - Hepatitis B shots
  - Pneumococcal shots
- Tobacco use cessation counseling
- Yearly "Wellness" visit

# 2026 Medicare Supplement (Medigap) Comparison Chart

The chart shows what each Medicare supplement plan covers. A dot means 100% coverage. No dot means no coverage. 50% or 75% is the percent of coverage. For example, the Plan L pays 75% of the \$1,736 hospital deductible in 2026 and the member pays the remaining 25%. Plan L caps Medicare costs at \$4,000/calendar year.

BENEFITS / Coverage of 2026 Medicare Costs	PLANS								Requires Medicare eligibility before 2020	
	A	B	D	G <sup>(1)</sup>	K	L	M	N	C	F <sup>(1)</sup>

<sup>(1)</sup> Plan F and G High Deductible (HD): After the deductible is met [\$2,950 in 2026], the plan pays 100% of covered services for the rest of the calendar year. Payment of the Medicare Part B annual deductible will count toward the HD F and G Plan deductible.

<sup>(2)</sup> Plan N pays 100% of the Part B coinsurance, except for a co-payment of up to \$20 for some office visits and up to a \$50 co-payment for emergency room visits that do not result in an inpatient admission.

<sup>(3)</sup> 80% coverage for emergency care within the first 60 days of travel in a foreign country after a \$250 deductible met. \$50,000 life time coverage maximum.

<sup>(4)</sup> Plan K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

[SAMPLE PREMIUMS on the following pages are from the California Dept. of Insurance on October 15, 2025 for the 95054 zip code.](#) Request accurate quotes for your own age and zip code from your agent, insurance company. Medigap Premiums can also be found at [www.medicare.gov](http://www.medicare.gov)

Some companies offer discounts for households, electronic bill payment, full annual payments, and sometimes dental/vision benefits.

## LEGEND:

\* Plan Rating:

CR: Community rated: same monthly "Base" premium regardless of age. Discounts apply until age 75.

IA: Issued age rated: premium is based on the age at which you have purchased the policy.

AA: Attained age rated: premium goes up as you age.

<65: Medicare beneficiaries who qualify due to a disability pay higher premiums until age 65.

(+) : Optional benefits at additional costs and some at no additional costs Dental, Gym, Hearing, Vision, Transportation, etc. Call to confirm.

- Certain professional and religious organizations offer additional Medigap policies to their members.
- Premium varies with age, zip code, and sometimes with smoking habit.
- AARP UnitedHealthcare Medigap applicants whose Part B started 10 years ago or more would pay the higher Level 2 rates, which are equivalent to the under 65 rate.

## NOTES:

**1 Benchmark plan:** Plans with a "Yes" in the Extra Help/LIS column offer a \$0 premium for those with full Low-Income Subsidy (LIS Extra Help for Part D), full Medi-Cal, or a Medicare Savings Program (MSP, e.g. QMB, SLMB, or QI). In 2026 in CA, the Benchmark LIS Premium subsidy amount is \$12. Individuals with an MSP, full Medi-Cal or full Extra Help in non-benchmark plans will generally pay the standard premium minus the benchmark subsidy. Lower copays would still apply. Contact HICAP for more information.

**2 Pharmacy cost:** In the Initial Coverage Phase, the lowest possible copayments and coinsurance for formulary medications are shown, e.g., when a prescription is filled at a Plan's Preferred Cost Sharing Pharmacy, if it has one.

**3 Annual Deductible:** Initial Medicare drug phase where you pay the full retail cost of formulary medications before the plan provides cost sharing. Some plans offer a \$0 deductible or an exemption for certain drug tiers in this phase.

**4 Initial Coverage Phase:** You enter this phase once you've met the annual deductible, or for certain medications that are exempt from the Deductible depending on the Plan. In 2026, once your total out-of-pocket costs for formulary medications in the Deductible Phase and Initial Coverage Phase reach the \$2100 max out-of-pocket (MOOP) limit, your costs become \$0 for the remainder of the year.

**5 Part D Plan Benefit Types:** AE=Actuarially Equivalent; BA=Basic Alternative; DS=Defined Standard (not shown); EA=Enhanced Alternative - can provide additional credits to help beneficiary reach the \$2100 MOOP limit if the DS plan cost sharing of 25% is greater than the Plan's cost sharing amount for the particular medication.

**Coverage Gap Phase (Donut Hole):** This phase of a Medicare drug plan has been eliminated in 2025 and later. \* Insulin: Part D plans must not apply a deductible to any Part D covered insulin product, and must charge no more than \$35 for a one month supply of each covered insulin product in the Initial Coverage Phase. Verify that the insulin product is in the Plan's formulary before enrolling.

\* **Insulin:** Part D plans must not apply a deductible to any Part D covered insulin product, and must charge no more than \$35 for a one month supply of each covered insulin product in the Initial Coverage Phase. Verify that the insulin product is in the Plan's formulary before enrolling.

**Part D Late Enrollment Penalty:** Part D enrollees who signed up late will pay an additional \$0.39 in 2026 for each month they could have enrolled in Part D but did not (unless other creditable drug coverage existed). The \$0.39 penalty is 1% of the annual National Base Beneficiary Premium (\$38.99 in 2026). The penalty is adjusted each year and remains for life.

**Medicare Prescription Payment Plan:** Beginning in 2025, all Part D plans will offer an optional prescription payment plan to help manage out-of-pocket (OOP) drug costs by spreading them over the calendar year. Instead of paying at the pharmacy, you get a monthly bill from the Plan. Monthly payments can vary depending on the amount owed each month, and the number of months remaining in the year. You will still never pay more than \$2100 in OOP costs for formulary drugs in 2026. The Plan premium is not part of the Prescription Payment Plan and must be paid separately. Contact the Plan for details on how to enroll. See following for additional details:

<https://www.medicare.gov/publications/12211-whats-the-medicare-prescription-payment-plan.pdf>.

# Medicare Advantage HMO Chart 2026

## HMO Basics

- HMO stands for Health Maintenance Organization.
- Medicare HMOs are contracted with Medicare to manage your care. Some HMOs require a monthly premium in addition to the Part B premium, and some give you a Part B rebate.
- You agree to receive all your Medicare benefits through the plan. The plan sets your copays.
- In HMOs, you must use the providers in the plan's network. You choose a Primary Care Provider, who is a gatekeeper for other services and makes referrals to providers within the plan Network.
- HMO-POS stands for Health Maintenance Organization-Point of Service. In these plans, you can sometimes go out-of-network. If you are approved to go out-of-network, you will usually pay more, including a higher out-of-network annual out-of-pocket maximum. HMO-POS plans are not as flexible as PPO plans. In an HMO-POS plan, you must get a referral from your primary doctor, and plan approval, to go out-of-network. In a PPO plan, you do not need a referral.

## Important Considerations

- **Are your doctors in the plan network?** Call the plan to ask. Call your doctors' offices to confirm.
- **Which facilities are in the plan network?** Make sure you know which hospitals your plan uses and where they are located.
- **How much does the plan charge for your medications?** Compare your drug costs at [www.medicare.gov](http://www.medicare.gov) or call plans to inquire. You pay copays for your drugs that are set by the plan. Your prescription costs are capped at \$2100 per year. If your drug costs fluctuate due to a deductible or other cost changes, you have the option to join the Medicare Prescription Payment Plan to spread your costs more evenly through the year.
- **Do you travel?** Emergency and urgent care services are covered while travelling within the United States. Many plans offer worldwide emergency coverage. Ask about the preauthorization process for using services outside of the plan network.
- **Which extra benefits are important to you?** Medicare Advantage plans offer extra benefits beyond what Medicare covers. Some extra benefits are shown in this chart. Other benefits, including Special Supplemental Benefits for the Chronically Ill (SSBCI), may be offered. Contact the plan, or read the Summary of Benefits, to find out what extra benefits they offer.

## Medicare + Medi-Cal and HMOs

- Plan premiums for Medi-Medi beneficiaries are discounted due to automatic Extra Help benefits. Most plans are \$0.
- Medi-Medi beneficiaries have \$0 copay for Hospital and Medical Care. Providers cannot charge copays to Medi-Medi beneficiaries. This is an illegal practice called "Improper Billing".
- When you use the plan's In-Network doctors, you do not need to ask if they take Medi-Cal.
- Drugs are usually a maximum of \$1.60 for generics and \$4.90 for brand names due to automatic Extra Help benefits. Call the plan to make sure it covers your drugs before enrolling.

# Medicare Advantage PPO Chart 2026

## PPO Basics

- PPO stands for Preferred Provider Organization.
- Medicare PPOs are contracted with Medicare to manage your care. Some PPOs have a monthly premium in addition to the Part B premium, and some give you a Part B rebate.
- You agree to receive all your Medicare benefits through the plan. The plan sets your copays.
- You can use providers and suppliers In-Network of the plan at lower rates.
- You can see providers who are Out-of-Network, but you will generally pay higher Out-of-Network rates. There is no referral needed for Out-of-Network care.
- For Out-of-Network care, you may have to submit your own claims for reimbursement. See *page 2 for details*.

## Important Considerations

- **Are your doctors in the plan network?** If you prefer to pay the In-Network rate, call the plan to ask if your doctors are in the network. Call your doctors' offices to confirm.
- **Which facilities are in the plan network?** Make sure you know which hospitals your plan uses and where they are located.
- **How much does the plan charge for your medications?** Compare your drug costs at [www.medicare.gov](http://www.medicare.gov) or call plans to inquire. You pay copays for your drugs that are set by the plan. Your prescription costs are capped at \$2100 per year. If your drug costs fluctuate due to a deductible or other cost changes, you have the option to join the Medicare Prescription Payment Plan to spread your costs more evenly through the year.
- **Which extra benefits are important to you?** Medicare Advantage plans offer extra benefits beyond what Medicare covers. Some extra benefits are shown in this chart. Other benefits, including Special Supplemental Benefits for the Chronically Ill (SSBCI), may be offered. Contact the plan, or read the Summary of Benefits, to find out what extra benefits they offer.
- **Have you compared MA-PPOs to Original Medicare?** PPOs offer provider flexibility but can have high costs when you go Out-of-Network. Make sure to compare PPOs with Original Medicare. Original Medicare allows you to go to any provider who takes Medicare. You can supplement the costs of Original Medicare by purchasing a Medigap policy, though you may have to go through underwriting. Talk with a HICAP Counselor to compare the options.

# PPO

## Medicare Advantage PPO Plan Snapshot: Plans with Prescription Drug Coverage

Pg. #	Company Name	Plan Name	Type	Premium	Part B Rebate	Medi-Medi/LIS Premium
21	Aetna Medicare	Enhanced	PPO	\$204	No	\$192
22	Alignment Health Plan	Advantage PPO	PPO	\$75	No	\$75

## Medicare Advantage PPO Plan Snapshot: Plans WITHOUT Prescription Drug Coverage

Pg. #	Company Name	Plan Name	Type	Premium	Part B Rebate	Medi-Medi/LIS Premium
23	Aetna Medicare	Eagle	PPO	\$0	\$65.00	\$0

## PPO Claims Processing

- **In-Network:**

In-Network billing works just like an HMO plan. Only the patient copay can be collected at the time of service. The provider then bills the PPO plan. The plan pays the provider and informs the provider and the patient how much the patient owes to the provider, via an Explanation of Benefits (EOB). The provider then bills the patient for any balance. In most cases, the copay taken on the date of service will be the only amount charged to the patient.

- **Out-of-Network:**

Out-of-Network billing can be complicated for the patient. Plans prefer that the provider bills the plan directly. However, there is no contract, so the provider might charge the patient the full cost of the appointment. The patient then must submit a claim to the plan for reimbursement. If the amount billed was more than the Medicare allowable rate, the beneficiary may also seek reimbursement from the provider.

## Medicare + Medi-Cal and PPOs

- Plan premiums for Medi-Medi beneficiaries are discounted due to automatic Extra Help benefits.
- Medi-Medi beneficiaries have \$0 copay for Hospital and Medical Care. Providers cannot charge copays to Medi-Medi beneficiaries. This is an illegal practice called “Improper Billing”.
- If you use doctors In-Network of the plan, you do not need to ask if they take Medi-Cal.
- If you use doctors Out-of-Network of the plan, you must see doctors who take both Medicare and Medi-Cal, just like with Original Medicare.
- Drugs are usually a maximum of \$1.60 for generics and \$4.90 for brand names due to automatic Extra Help benefits. Call the plan to make sure it covers your drugs before enrolling.

# Chronic Condition & Institutional Special Needs Plan (C-SNP & I-SNP) Chart 2026

## C-SNP & I-SNP Basics

- C-SNP (Chronic Condition Special Needs Plan) is for individuals diagnosed with one or more qualifying chronic conditions.
- I-SNP (Institutional Special Needs Plan) is for individuals who live in or require an institutional level of care for 90 days or longer, such as in a nursing home, skilled nursing facility, or receiving equivalent care at home.
- You must meet the plan's eligibility criteria to enroll, but you can join at any time during the year without waiting for the Annual Enrollment Period.
- Both C-SNPs and I-SNPs include specialized benefits and provider networks tailored to the member's health needs, which may include:
  - Lower cost sharing and longer inpatient benefit periods
  - Coordinated care teams and wellness programs
  - Transportation or social services supporting medical needs
  - On-site or in-home nursing and primary care (for I-SNPs)
  - Support for care transitions between home, facility, or hospital
- Plans are typically HMO, HMO-POS, or PPO, and members agree to receive all Medicare benefits through the plan. Copays are set by the plan.

## Important Considerations

- **Are your doctors and facilities in the plan network?** Verify that your doctors and care facilities are in the plan's network. I-SNPs are often tied to specific facilities, while C-SNPs include networks focused on chronic conditions.
- **How much does the plan charge for your medications?** Compare your drug costs at [www.medicare.gov](http://www.medicare.gov) or call plans to inquire. You pay copays for your drugs that are set by the plan. Your prescription costs are capped at \$2100 per year. If your drug costs fluctuate due to a deductible or other cost changes, you have the option to join the Medicare Prescription Payment Plan to spread your costs more evenly through the year.
- **Do you travel?** Emergency and urgent care are generally covered throughout the U.S. Many C-SNPs also include worldwide emergency coverage. I-SNP coverage is typically limited to your local care area.
- **Which extra benefits are important to you?** Medicare Advantage plans offer extra benefits beyond what Medicare covers. Some extra benefits are shown in this chart. Other benefits, including Special Supplemental Benefits for the Chronically Ill (SSBCI), may be offered. Contact the plan, or read the Summary of Benefits, to find out what extra benefits they offer.

## Medicare + Medi-Cal and SNPs

- Plan premiums for Medi-Medi beneficiaries are discounted due to automatic Extra Help benefits. All plans are \$0.
- Medi-Medi beneficiaries have \$0 copay for Hospital and Medical Care. Providers cannot charge copays to Medi-Medi beneficiaries. This is an illegal practice called "Improper Billing".
- When you use the plan's In-Network doctors, you do not need to ask if they take Medi-Cal.
- Drugs are usually a maximum of **\$1.60** for generics and **\$4.90** for brand names due to automatic Extra Help benefits. Call the plan to make sure it covers your drugs before enrolling.

**Chronic & Institutional Special Needs Plans (C-SNP & I-SNP)  
Cardiovascular Disorders, Chronic Heart Failure, Diabetes Mellitus**

# Dual Eligible Health Plan Options 2026

## Dual Eligible Special Needs Plan (D-SNP) Basics

- D-SNPs are a type of Medicare Advantage plan available only to dual eligible beneficiaries.
- D-SNPs are contracted with both Medicare and Medi-Cal.
- The goal of the D-SNP model is to improve coordination of Medicare and Medi-Cal benefits.
- D-SNPs provide a unique Care Coordination benefit. *See page 2 for Care Coordination details.*
- You pay \$0 for covered services. Some plans charge \$0 copay for all covered medications. In some plans, you will pay \$1.60 for generics and \$4.90 for brand name medications.
- Each plan has a Network of contracted providers and suppliers that you must use.
- You have a Primary Care Doctor who is the gatekeeper for services, making referrals to other providers within the plan Network.

## What is a Medi-Medi Plan (MMP)?

- MMP stands for Medicare-Medi-Cal Plan. MMPs are a type of D-SNP with integrated Medicare and Medi-Cal benefits.
- The goal of the MMP model is to provide Medicare and Medi-Cal benefits seamlessly, with fewer access problems for enrollees.
- MMPs *coordinate with a matching Medi-Cal plan through the same company* to manage your Medicare and Medi-Cal benefits.
- You have two plan cards, but all benefits are coordinated through the same company, with one phone number for all benefits.

## Important Considerations

- **Are your doctors in the plan network?** Call your doctors to ask what plans they take. Call the plans, or visit their website, to find out if your doctors are in the network.
- **Which facilities are in the plan network?** Make sure you know which hospitals your plan uses and where they are located.
- **How much does the plan charge for your medications?** Some D-SNPs charge \$0 for covered drugs (*see plan details below*). You can also compare your drug costs at [www.medicare.gov](http://www.medicare.gov) or call each plan.
- **If you travel, what is the preauthorization process for using services outside the plan network?**
- **Are the extra benefits, including care coordination, important to you?** \* Call the plans, or view the plan materials online, to get more details about their extra benefits.

***\*When considering plans' "extra" benefits, it is important to know that Medi-Cal already covers:***

- An eye exam and glasses every two years
- Hearing exams and hearing aids with a \$1,510 annual cap
- Unlimited transportation to medical appointments
- Most dental services

If you enroll in a D-SNP plan that provides "extra" benefits that Medi-Cal also covers, you must use the D-SNP plan's network to access those benefits.

*Example: If you enroll in a D-SNP plan that includes Delta Dental coverage, you typically must use the Delta Dental network instead of the Medi-Cal Dental network.*

## Care Coordination Benefit

- Every D-SNP plan has a Care Coordination Benefit that includes:
    - A **Care Coordinator** who is trained to understand Medicare and Medi-Cal benefits and is assigned to you to help you access your benefits and resolve problems.
      - A **Health Risk Assessment (HRA)** to identify health services you use and Long-Term Services and Supports you need or will potentially need.
      - An **Interdisciplinary Care Team (ICT)** that works together to coordinate your care. Members of the ICT may include a Care Coordinator, Social Worker, Physicians, Nurses, and other Specialists.
      - An **Individualized Care Plan (ICP)** that is created for you by your ICT based upon your health care needs and HRA.
- 

## Enhanced Care Management (ECM)\*

- Beneficiaries with high needs, or at high risk, may be eligible for **Enhanced Care Management (ECM)**.
- ECM helps with medical and non-medical needs, such as transitioning between care facilities, incorporating family members into your support network, and connecting you with community support benefits.
- ECM focuses on beneficiaries who are:
  - Experiencing homelessness
  - Frequently in the hospital
  - Experiencing a serious mental illness or substance use disorder
  - Incarcerated and transitioning to the community
  - At risk of nursing home or other institutionalization
  - Transitioning from a nursing home to the community
- ECM enrollment can be initiated by your plan, your doctor, or a community organization. To self-refer, call your Medi-Cal plan.

## Community Supports\*

- Community Supports help with health-related social needs. Call your plan to find out if you qualify.
  - Housing Transition Services
  - Transitional Rent (up to six months)
  - Short-Term Post-Hospital Housing
  - Medically Supportive Food
  - Nursing Facility Transition / Diversion
  - Transitioning from Facility to Home
  - Sobering Centers
  - Housing Deposits
  - Sustaining Housing
  - Post-Hospital Recuperative Care
  - Day Habilitation Programs
  - Respite Services for Caregivers
  - Personal Care Services
  - Home Accessibility or Asthma-Related Modifications

**\*ECM and Community Supports are not unique to D-SNP plans. They are available to all Medi-Cal beneficiaries who are enrolled in a Medi-Cal plan and meet the criteria, regardless of what type of Medicare they have. If you have Original Medicare or a regular (non-D-SNP) Medicare Advantage plan, you can access the benefits through your Medi-Cal plan.**

# Program of All-Inclusive Care for the Elderly (PACE) Chart 2026

## PACE Basics

- PACE stands for Program of All-Inclusive Care for the Elderly.
- PACE is a Medicare and Medi-Cal program that helps people meet their health care needs in their home or community instead of going to a nursing home or other facility.
- PACE is designed for people who:
  - Are 55 years or older,
  - Live in a PACE service area,
  - Are certified by the state as needing a nursing home level of care, and
  - Can safely live in the community at the time of enrollment.
- PACE covers all Medicare- and Medi-Cal-covered services, plus additional services the care team decides are necessary for your health.
- Once enrolled, you receive all health care through the PACE organization. You agree to use their network of doctors, clinics, hospitals, and specialists.
- Services are provided by an Interdisciplinary Care Team (IDT) that coordinates all aspects of your care — medical, behavioral, and social..

## PACE Services Include

PACE provides and coordinates **complete medical and social services**, such as:

- Primary and specialty medical care
- Nursing and personal care
- Prescription drugs
- Hospital and emergency services
- Transportation to PACE centers and medical appointments
- Physical, occupational, and speech therapy
- Social services, nutrition counseling, and meals
- Home care and personal assistance
- Medical equipment and supplies
- Adult day health care, recreational, and social activities.

PACE covers **long-term care**, including nursing home services, **if needed**. Once enrolled, you receive all needed care through your PACE team, and you may not need to use other Medicare or Medi-Cal providers outside the program

## Important Considerations

- **Service Area:**  
You must live within the PACE organization's approved service area. Each PACE organization serves specific zip codes.
- **Enrollment:**  
You may **enroll at any time of the year**, not just during Medicare's Annual Enrollment Period.
- **Costs:**  
If you have **Medi-Cal and Medicare (Medi-Medi)**, you pay **no monthly premium** for the PACE benefit and usually have **no copays** for care.  
If you have **Medicare only**, you pay the PACE Part D premium and a monthly premium to

cover the long-term care portion of the benefit.

If you have **neither Medicare nor Medi-Cal**, you can still pay privately for PACE services.

- **Access to Care:**  
You agree to receive **all medical and long-term care services** through your PACE organization. Using services outside of PACE requires approval, except in an emergency.
- **Medication Coverage:**  
PACE provides **Part D prescription drug coverage with no deductible**. All medications are coordinated through your care team.
- **Emergency Coverage:**  
Emergency and urgent care are covered **anywhere in the United States**

## Medicare + Medi-Cal and PACE

- **Plan premiums for Medi-Medi beneficiaries** are \$0 due to automatic Extra Help and Medi-Cal cost-sharing.
- Medi-Medi beneficiaries have **\$0 copay for Hospital and Medical Care**. Providers cannot charge copays to Medi-Medi beneficiaries. This is an illegal practice called “Improper Billing”.
- PACE **coordinates all Medicare and Medi-Cal benefits** through a single organization, so beneficiaries do not need to navigate multiple plans.
- Drugs are usually a maximum of **\$1.60** for generics and **\$4.90** for brand names due to automatic Extra Help benefits. Call the plan to make sure it covers your drugs before enrolling.
- **Enhanced Care Management (ECM) and Community Supports** are included as part of PACE’s model of care, so participants already receive equivalent or greater support.

Medicare-Medicaid Plans (MMPs), are special healthcare plans designed for individuals who are eligible for both Medicare and Medi-Cal (California's Medicaid program). Here's an overview of MMPs:

**1. Dual Eligible Individuals:**

MMPs are specifically for individuals who qualify for both Medicare (usually due to age or disability) and Medi-Cal (typically due to low income). These individuals are often referred to as "dual eligibles."

**2. Integrated Coverage:**

MMPs integrate coverage from both Medicare and Medi-Cal into a single health plan. This integration aims to streamline healthcare services and improve coordination between the two programs.

**3. Comprehensive Benefits:**

MMPs offer comprehensive benefits that combine those of Medicare and Medi-Cal. This includes coverage for hospital services, doctor visits, prescription drugs, long-term care, and other medical services covered by both programs.

**4. Care Coordination:**

One of the primary objectives of MMPs is to provide better care coordination for dual eligible individuals. This coordination helps ensure that individuals receive the right care at the right time and avoid duplicative or unnecessary services.

**5. Managed Care Approach:**

MMPs typically operate under a managed care model, where healthcare services are coordinated and managed by a designated health plan. This can include HMOs (Health Maintenance Organizations) or other managed care organizations.

**6. Care Management Teams:**

MMPs often assign care management teams to each member. These teams may include doctors, nurses, social workers, and other healthcare professionals who work together to develop personalized care plans for individuals.

**7. Additional Support Services:**

MMPs may also offer additional support services beyond what is covered by Medicare and Medi-Cal. This can include care coordination, transportation assistance, nutrition services, and support for caregivers.

**8. Enrollment Options:**

Dual eligible individuals have the option to voluntarily enroll in an MMP if they qualify. Enrollment is typically done through a process facilitated by the state Medicaid agency or through Medicare's enrollment system.

In summary, Medicare-Medicaid Plans (MMPs) provide integrated healthcare coverage for individuals who are eligible for both Medicare and Medi-Cal. These plans aim to improve care coordination, streamline services, and enhance the overall healthcare experience for dual eligible individuals in California.

## 1. Medicare:

- **What is it?:** Medicare is a federal health insurance program primarily for individuals aged 65 and older, some younger people with disabilities, and people with End-Stage Renal Disease (ESRD)
- **Coverage:** It typically covers hospital care (Part A), medical services (Part B), and prescription drugs (Part D), with various options for supplemental coverage (Part C).
- **PACE Program:** Medicare's PACE (Program of All-Inclusive Care for the Elderly) is a program designed to provide comprehensive medical and social services to certain frail, elderly individuals who qualify for nursing home care but prefer to receive services in their homes or communities.
- **Benefits:** PACE programs offer services such as medical care, adult day care, home care, prescription drugs, physical therapy, and more, aiming to help seniors remain independent and live at home for as long as possible.

## 2. Medi-Cal:

- **What is it?:** Medi-Cal is California's Medicaid program, a state and federally funded program that provides health coverage to low-income individuals and families, including children, pregnant women, seniors, and people with disabilities.
- **Coverage:** It offers a wide range of medical services, including doctor visits, hospital stays, preventive care, mental health services, long-term care, and more.
- **PACE Program:** Similar to Medicare, Medi-Cal also offers the PACE program, tailored to serve eligible seniors who meet nursing home level-of-care requirements but wish to remain in their communities.
- **Benefits:** Medi-Cal PACE programs provide coordinated healthcare services, including medical care, social services, and long-term care, with a focus on allowing seniors to live independently in their homes or communities for as long as possible.

In summary, both Medicare and Medi-Cal PACE programs offer comprehensive healthcare and support services to eligible seniors, with the goal of enabling them to maintain their independence and quality of life in their preferred living environment.

## **Guarantee Issue for a Medigap during the Annual Enrollment Period when your Medicare Advantage Plan also sells Medigap plans (for e.g. Anthem, United HealthCare, Aetna, etc)**

If your Medicare Advantage Plan also sells Medigap plans you can only buy a Medigap plan from that company initially. (Note: if you turned 65 prior to January 1, 2020, you cannot buy a G or D plan initially. You can buy an F plan then switch to a G plan during your next Birthday Period if you wish.)

### **Script to use when calling an insurance company about purchasing a Medigap policy with a Guarantee Issue right.**

*I am interested in getting a quote for a Medigap Plan \_\_\_\_ (tell them what plan you are interested in; see above). Are you licensed to sell insurance in California?* The representative will ask you some questions like date of birth, whether you are a smoker, your zip code, effective dates of Medicare Parts A & B, etc. At that point he or she may give you a quote or may ask you what qualifies you to purchase a Medigap policy at this time. This is when you say the following:

“Under the **California Insurance Code Section 10192.12** I have a **Guaranteed Issue of a Medigap Policy** when the Medicare Advantage plan that I am enrolled in (select correct reason below)

- (a) Reduced or eliminated one or more benefits for next year*
- (b) Increased one or more of my co-pays for next year*
- (c) Increased my premium for next year OR*
- (d) Is discontinuing the contract with my physician for next year*

**You have until March 31 to complete this process but it is recommended you do so by the end of the current calendar year so you have the Medigap in place on January 1.**

**Please note, you also have a Guarantee Issue right for a Medigap if your Medicare Advantage Plan leaves the area. (This right extends 123 days after you lose your coverage)**

Under any of these circumstances, the Medigap Insurance Company should not ask you any health questions but may say they have to in order to get through their application. You may answer “don’t know” to all questions but in any event they cannot be used to deny you coverage.

### **Here’s what should happen next:**

The representative should take your application by phone. You should ask how long the approval process will take and when you will be notified of your acceptance. Once you have acceptance in writing, enroll in a drug plan using [Medicare.gov](https://www.medicare.gov) Plan Finder. This will automatically disenroll you from your current Medicare Advantage Plan effective 12/31/26. You will start the new year with Original Medicare, the Medigap plan you enrolled in, and the drug plan you enrolled in. Make sure to present your new insurance cards to your medical providers and pharmacist when you visit the first time.

## **Guarantee Issue for a Medigap during the Annual Enrollment Period when your Medicare Advantage Plan does not sell Medigap plans (e.g. Kaiser, Scan, Alignment, etc)**

If your Medicare Plan does not sell Medigap plans you can buy a plan from any company. You must complete the purchase by December 7 with effective date of January 1. ((Note: if you turned 65 prior to January 1, 2020, you cannot buy a G or D plan initially. You can buy an F plan then switch to a G plan during your next Birthday Period if you wish).

### **Script to use when calling an insurance company about purchasing a Medigap policy with a Guarantee Issue right.**

*I am interested in getting a quote for a Medigap Plan \_\_\_\_ (tell them what plan you are interested in; see above). Are you licensed to sell insurance in California? The representative will ask you some questions like date of birth, whether you are a smoker, your zip code, effective dates of Medicare Parts A & B, etc. At that point he or she may give you a quote or may ask you what qualifies you to purchase a Medigap policy at this time. This is when you say the following:*

“Under the **California Insurance Code Section 10192.12** I have a **Guaranteed Issue of a Medigap Policy** when the Medicare Advantage plan that I am enrolled in (select correct reason below)

*(a) Increased my co-pay for one or more services 15% or more for next year*

*(b) Increased the premium by 15% or more for next year*

*(c) Reduced one or more benefits under the plan for next year*

*(d) Is discontinuing the contract with my physician for next year”*

**You must complete the application process for this Medigap by December 7.**

**Please note, you also have a Guarantee Issue right for a Medigap if your Medicare Advantage Plan leaves the area. (this right extends 123 days after you lose your coverage)**

Under any of these circumstances, the Medigap Insurance Company should not ask you any health questions but may say they have to in order to get through their application. You may answer “don't know” to all questions but in any event they cannot be used to deny you coverage.

### **Here's what should happen next:**

The representative should take your application by phone. You should ask how long the approval process will take and when you will be notified in writing of your acceptance. Once you have something in writing that you are accepted for this plan, enroll in a drug plan using [Medicare.gov](https://www.medicare.gov) Plan Finder. (You should do this by December 7 unless your plan is leaving the market next year. Then you have the timeline stated above.) This will automatically disenroll you from the current Medicare Advantage Plan effective 1/1/25. Make sure to present your new insurance cards to your medical providers and pharmacist when you visit the first time.
